

NEW YORK – FLORIDA – CANADA – QUEBEC

HUNGARY – BRAZIL – JEJU ISLAND, SOUTH KOREA

Dear prospective **WOLBI Jeju** Student,

We realize that choosing to attend WOLBI in South Korea is a big financial decision. Please read this letter very carefully to fully understand how much it will cost to attend WOLBI Jeju.

The cost for a year at WOLBI Jeju 2022-2023 is currently only \$17,547*. That price **includes**:

- ✧ Tuition, room, and board during school sessions for 10-11 months (\$12,797)
- ✧ A plane ticket, food, and housing for a 10-day study trip to Israel (\$3,275)
- ✧ A plane ticket, food, and housing for a 9-day mission research trip to Thailand (\$1,475)

That price **does not include the non-refundable Confirmation Fee (\$600), supplemental materials (\$250), laundry fee (\$120), book fees, expenses related to COVID tests for travel, round-trip plane ticket to and from Jeju Island, or the optional 'Paul's Missionary Journeys' trip to Europe (7 days in June to Turkey, Greece, and Italy for \$3,275). Most foreign students must also pay to leave the country once in June for visa renewal purposes (this can be a 2-hour flight or boat trip to a nearby country).*

Note: Total Discounts cannot exceed \$3,750. No other scholarships are available (i.e., WOL DIA, Creative 8, Teens Involved, STC, etc.) These Word of Life Bible Club scholarships can be used if students transfer from WOLBI Jeju to WOLBI New York for the Second Year program or to some other Christian universities.

It is also important to know that students who attend WOLBI Jeju are not eligible for FAFSA. WOLBI New York and WOLBI Florida are on the FAFSA list, but **WOLBI Jeju is not recognized by FAFSA (including student loans)**. That means **we are not able to give government tax report forms (1098-t) for American or Canadian students**.

We understand this information may prohibit some students from attending WOLBI Jeju. We hope not. It really is a great deal aside from the other advantages of attending WOLBI Jeju such as credit transfer, missions exposure, cross-cultural relationship building, overseas study trips, broadened perspective, family atmosphere, closer interaction with quality teachers, etc.
